Dear Jack Morrow,

As per our telephone conversation regarding the possibility of licensing or manufacturing product for Hanna Barbera, enclosed please find samples of some of the work we have done for Warner Bros. for your consideration.

As you know our parent company "Alterian Studios" has been a recognizable source for special effects make-up for over a decade now. We have now turned our sights to manufacturing latex masks for the Gift and Toy market with much success!

Due to our success with Warner Bros. as well as with our own product line we thought it prudent to contact your organization to explore the possibility of working with you. As you can see our handpainted masks are manufactured with a sturdy latex material and have all been made to the exact specifications of their creators.

After you have had a chance to look over the masks I hope you'll feel as we do that there is a market for this type of product. I may be reached at the above number Mon-Fri from 9 to 6.

I look forward to speaking with you in the future and exploring the possibilities. If on the otherhand, you decide not to venture forth we would be more than happy to have the samples picked up.

Thank you,

Mr. Willie Febus
